File No. DGCA-21033/5/2024-ANS

This AIC is issued for dissemination of the decisions contained in the Ministry of Civil Aviation's letter No. AV-29011/49/2024-AD dated 02 Sep, 2025.

(Faiz Ahmed Kidwai)

Director General of Civil Aviation

**IN THE MATTER OF AD-HOC TARIFF FOR AERONAUTICAL SERVICES TO BE PROVIDED
AT NOIDA INTERNATIONAL AIRPORT (NLA) w.e.f THE COMMERCIAL OPERATION DATE.**

The Airports Economic Regulatory Authority (AERA), in the exercise of powers conferred on it by Section 13(1) of the Airports Economic Regulatory Authority of India Act, 2008, has determined the Ad hoc Tariff for aeronautical services to be provided at Noida International Airport (NIA) w.e.f. the Commercial Operation Date ("COD") to 31.03.2026 or till the determination of regular Aeronautical Tariff for the First Control Period, whichever is earlier. The copy of the above order is enclosed herewith.

जारी करने की तारीख/ Date of Issue: 29.08.2025

विषय: नोएडा अंतर्राष्ट्रीय हवाईअड्डे (एन आई ए) पर प्रदान की जाने वाली वैमानिक सेवाओं के लिए वाणिज्यिक प्रचालन की तारीख ("सीओडी") तदर्थ टैरिफ निर्धारित करने के मामले में।

Sub: In the matter of *ad-hoc* tariff for aeronautical services to be provided at Noida International Airport (NIA) w.e.f. Commercial Operation Date

1. Background:

- 1.1 Yamuna International Airport Private Limited (YIAPL) entered into a Concession Agreement with Noida International Airport Limited (NIAL) – the nodal agency of Uttar Pradesh Government on October 7, 2020 to establish a greenfield airport in Gautam Buddha Nagar, Jewar, Uttar Pradesh called Noida International Airport (NIA) via a special purpose vehicle called Yamuna International Airport Private Limited (YIAPL) to Design, Build, Finance, Operate and Transfer (DBFOT) basis for a period of 40 years commencing from the Appointed Date i.e., October 1, 2021, further extendable for another 30 years subject to the terms of the Concession Agreement.
- 1.2 Yamuna International Airport Private Limited (YIAPL, the Concessionaire) is a special purpose vehicle established for construction, operation and maintenance of the greenfield international airport project at Gautam Buddha Nagar, Jewar, Uttar Pradesh, on a Design, Build, Finance, Operate and Transfer (DBFOT) basis. YIAPL is a 100% subsidiary of Zurich Airport International AG (ZAIA).
- 1.3 Noida International Airport will be the second International Airport in the National Capital Region (NCR) and will complement Indira Gandhi International Airport (IGIA/DEL) to meet the aviation demands of the region. It will serve as the primary international airport for major cities such as Noida, Meerut, Ghaziabad, Mathura, Agra, etc. and will be gateway to various pilgrimage and tourist destinations.

2. Multi Year Tariff Proposal submission by YIAPL

2.1 YIAPL vide letter dated 27th October 2024, submitted the Mutli Year Tariff Proposal (MYTP) for Noida International Airport.

2.2 The Airport Operator had indicated to achieve Commercial Operation Date ("COD") by 30th April 2025 and the First Control Period will be from April 1, 2025 to March 31, 2030 (11 months in FY 25-26), while also requesting to consider the loss for the period from FY 21-22 to COD as part of the First Control Period.

2.3 Airport Operator has submitted details pertaining to Master Plan, Concession requirements, traffic projections, Capital Expenditure (Passenger Terminal building, Runways and Taxiways, Apron, etc.), Depreciation, Regulatory Asset Base, Fair Rate of Return, Operation and Maintenance Expenditure, Non-aeronautical Revenue, Taxation and Aggregate Revenue Requirement etc. A brief on regulatory components of MYTP proposed by the Airport Operator are given under:

- i) Capital Outlay Plan: The Airport Operator has proposed the development of airport facilities in the Noida International Airport in a planned manner across four distinct phases. During the first phase, it has been proposed to spend an amount of Rs. 7,209 crores as the capital expenditure.
- ii) Design capacity: The phase-wise capacity envisaged at the Noida International Airport as per the Concession Agreement is given hereunder:

Phase	Incremental Capacity (MPPA) as per Concession Agreement	Cumulative Capacity (MPPA) as per Concession Agreement	Trigger for Phasing
Phase I	12	12	
Phase II	18	30	80% of Phase I capacity
Phase III	20	50	80% of Phase II capacity
Phase IV	20 and more	70 and more	80% of Phase III capacity

- iii) Traffic Projection: Airport Operator has submitted the following traffic projections for the 1st Control Period:

(Million passengers)

Particulars	FY26	FY27	FY28	FY29	FY30	Total
Domestic	5.70	8.61	11.38	14.60	17.58	57.87
International	0.24	0.40	0.60	0.81	1.07	3.12
Total	5.94	9.01	11.98	15.41	18.65	61.00

- iv) O&M Expenses: The Airport Operator has proposed the following aeronautical O&M expenses for the First Control Period.

(Fig. in Crore)

Particulars	FY26	FY27	FY28	FY29	FY30	Total
Aero Operating Expenses	482.60	537.70	577.40	605.80	651.90	2855.40

- v) Non-aeronautical Revenue: The Airport Operator has made the following non-aeronautical revenue projections for the First Control Period:

(Fig. in Crore)

Particulars	FY26	FY27	FY28	FY29	FY30	Total
Total Non-aeronautical revenue	141.99	212.50	312.57	405.64	572.60	1,645.29

3. Tariff Determination Process of AERA

Following facts are relevant with regard to the Tariff Determination Process of AERA:

- 3.1 As per clause (i) of Section 2 of the AERA Act, 2008 (read with subsequent amendment of 2019 and 2021), 'Major Airport' means any airport which has, or is designated to have, annual passenger throughput in excess of three and a half million or any other airport or group of airports as the Central Government may, by notification, specify as such. As the designated capacity of YIAPL (as per Concession Agreement) during the FY 2025-26 is **12 million**, AERA vide its Public Notice No. 02/2024-25 dated 02.05.2024 has declared Noida International Airport as a Major Airport.
- 3.2 Section 13 of the AERA Act, 2008 enshrines the 'Functions of the Authority', which inter-alia, includes 'determination of tariff for the aeronautical services in respect of the Major Airport'. In view of the mandate given under AERA Act, 2008, (read with subsequent amendment of 2019 and 2021), the Authority has initiated the tariff determination process on the MYTP submitted by YIAPL.
- 3.3 The Tariff Determination process for the aeronautical services is very comprehensive and exhaustive exercise involving following major steps:
- Detailed analysis of Capex proposed by the Airport Operator vis-à-vis the proposed capacity of the airport and likely traffic to be handled, to ensure that only efficient Capex is allowed.
 - To determine the Aggregate Revenue Requirement for the Regulated Service for the First Control Period taking into consideration 'Regulatory Asset Base', 'Fair Rate of Return', 'Depreciation', 'Efficient Operation and Maintenance Expenditure', 'Taxation', 'Non-aeronautical Revenue' and 'Yield Per Passenger' for the Control Period.
 - To issue in public domain the proposal of the Authority in the form of Consultation Paper for soliciting feedback/comments/views of the stakeholders.
 - Analysis of all the stakeholders' comments and counter comments.

v) To issue Multi Year Tariff Order for the Control Period upon due consideration of stakeholders' comments and counter comments on the Consultation Paper.

3.4 The MYTP submitted by YIAPL is under examination at AERA and in the backdrop of comprehensive tariff determination process, as brought out above, issuance of final Tariff Order in respect of Noida International Airport may take some time.

4. Request for ad-hoc tariff for interim period by YIAPL

4.1 YIAPL vide letter dated April 8, 2025, has submitted a proposal for ad- hoc tariff till the time approval for regular/final tariff is granted by the Authority. The Airport Operator submitted Variable Tariff Proposal (VTP) along with the same. The Tariff Rate Card submitted by the Airport Operator is attached at **Annexure-A**.

4.2 Airport Operator, vide their email dated 13.08.2025 has informed that the inauguration of airport is expected in October 2025, and have requested for release of ad hoc tariff order.

5. Ad-hoc Tariff considered by AERA

5.1 The Authority notes that Noida International Airport being a Greenfield Airport, there are no prevailing tariff rates available to be levied on the date of commencement of actual Commercial Operation. Upon receipt of MYTP from the Airport Operator (refer para 2.1), determination of regular tariff as per AERA Tariff Guidelines and other relevant orders issued from time to time requires a very thorough, comprehensive and in-depth examination of each regulatory building block including analysis of capex etc. followed by stakeholder consultation meeting allowing reasonable time for comments, counter comments etc. and this entire exercise of regular tariff determination takes some time. In the background of the above, need arises for issuance of ad-hoc tariff order, to avoid regulatory vacuum at the Major Airport. AERA has issued ad-hoc tariff orders in the past also and shall continue to do so in future, as and when need arises, particularly for Greenfield Airports.

The clause 3.6.4 of the Memorandum of Understanding (MoU) executed between GoI and the concessionaire (YIAPL) dated November 18, 2021 also stipulates as under:

"..... the concessionaire shall be entitled to levy, collect and appropriate the aeronautical charges with effect from COD for Phase I from Users of the Airport, at the initial/ ad-hoc rates of the tariff as may be approved by AERA. Such initial/ ad-hoc rates of tariff shall be applicable and valid until the approval of aeronautical charges by AERA....."

5.2 The Airport Operator has asked for regular tariff based on the various building blocks as listed in para 2 above. The Authority is conscious of the fact that Airport Operator has projected its proposal based on building blocks as per their own assessment/estimates while AERA does its thorough prudence check and due diligence while deciding its approach on each building block in tariff determination exercise based on efficiency, cost relatedness, etc. in terms of Capex and Opex and other building blocks. Experience shows that there is a

difference between projections provided in MYTP and those decided by AERA after the scrutiny.

- 5.3 As stated above in para 3.4, tariff determination process may take some time and in the interim period ad-hoc Tariff needs to be decided by AERA as requested by the Airport Operator.
- 5.4 After consideration of all the relevant facts and figures and to balance the interest of all stakeholders, Authority decides:
- 5.4.1 Proposal of the Airport Operator for Aeronautical Charges needs to be rationalized and moderated.
- 5.4.2 The Airport Operator has also submitted Variable Tariff Plan (VTP) in respect of Landing Charges applicable for Indian Carriers for Scheduled Domestic Passenger Flights and Landing & UDF Charges applicable for Scheduled International Passenger Flights. The Authority decides not to agree to the same at this stage due to following reasons:
- a. Airport Operator has proposed VTP for 3 years. At present it is not possible to predict/assess the impact/quantum of VTP.
 - b. Airport Operator has proposed VTP for UDF for international passengers also. After booking, refund of UDF to passengers is not feasible.
 - c. For domestic flights, Airport Operator has proposed VTP for Indian Carriers. Such proposal will violate the principles of non-discrimination of ICAO guidelines.
- 5.4.3 Accordingly, the Authority after analyzing on a broad basis each of the regulatory building block particularly CAPEX as contained in the MYTP of the Airport Operator and after deliberations and consultations with the Independent Consultant who has been engaged by the Authority for regular tariff determination exercise of Noida International Airport, decides the aeronautical tariff for landing, parking, UDF etc. on ad-hoc basis as per **Annexure-B**.
- 5.5 The Authority decides to allow charging/levying ad-hoc tariff/UDF rates w.e.f commercial operation date as an interim measure, till March 31, 2026 or final determination of regular tariff, whichever is earlier. The revenue to be collected by YIAPL on ad-hoc basis in the interim period, shall be accounted for by the Authority during the regular tariff determination exercise of YIAPL.
- 5.6 Any concession offered by Airport Operator to Airport Users from the approved ad-hoc tariff rate card by the Authority as per Annexure-B would be on their own volition, and are not accounted for in tariff determination exercise as per Tariff Determination methodology of AERA.

Order

6. In exercise of powers conferred by Section 13(1)(a) of the Airports Economic Regulatory Authority of India Act, 2008, the Authority hereby orders that:
- i) The Yamuna International Airport Private Limited (YIAPL), is allowed to levy and collect the tariff for Aeronautical Services, on ad-hoc basis as per **Annexure-B**, w.e.f Commercial date of operation ("COD") to March 31,

2026, or, till the determination of regular Aeronautical Tariff for the First Control Period, whichever is earlier.

- ii) In exercise of powers conferred by Section 13(1)(b) of the AERA Act, 2008, read with Rule 89 of the Aircraft Rules, 1937, the Authority hereby determines the rate of UDF on ad-hoc basis as indicated in the tariff rate card at **Annexure-B**.
- iii) This order shall be made effective subject to receipt of all the requisite regulatory and statutory approvals before the commencement of operations at YIAPL.
- iv) Tariff determined, as above, is the maximum Tariff(s) to be charged from the Users and no other charges are to be levied over and above the approved Tariff.
- v) The Tariff approved, as above, is excluding of all applicable Govt. taxes, if any.

AERA

Annexure-A

Ad-hoc Tariff proposal submitted by Airport Operator for Noida International Airport vide letter dt. April 8, 2025.

Annexure A1: Landing, Parking, UDF, CUTE / CUSS Charges

Rate Card

i. Landing charges for FY 2025-26

(Rate in Rs. per MT)		
Flight	Weight of aircraft	Rate
Domestic	Upto 100 MT	Rs.875 per MT
	Above 100 MT	Rs. 87500 + Rs. 1,155 per MT above 100 MT
International	Upto 100 MT	Rs. 1,000 per MT
	Above 100 MT	Rs. 100000 + Rs. 1,300 per MT above 100 MT

Notes:

1. Weight of an aircraft means Maximum Take-Off Weight (MTOW) in MT (i.e. 1,000 Kg) as indicated in the Certificate of Airworthiness (CoA).
2. Landing charges shall be calculated on the basis of nearest MT (i.e., 1000 kg)
3. All domestic legs of international routes of Indian operators to be treated as domestic flights as far as landing charges are concerned, irrespective of the flight numbers assigned to such flights.
4. No landing charges shall be payable in respect of:
 - a. Aircraft with a maximum certified passenger capacity of less than 80 seats, being operated by domestic scheduled operators at the airport.
 - b. Helicopters of all types (not applicable to non-scheduled operators).
 - c. Training flights operated by DGCA approved flying schools/flying training institutes.
 - d. Military aircraft (Government of India) including para-military forces such as BSF, Coast Guard etc.
5. A minimum fee of INR 8,000/- shall be charged per single landing for non-scheduled flights.

ii. Parking charges for FY 2025-26

(Rate per hour in Rs. per MT)		
Details	Weight of Aircraft	Domestic/ International
Parking charges (First two hours after free parking period)	Upto 100 MT	Rs. 25 per Hour per MT
	Above 100 MT	Rs. 2500 + Rs. 30 per Hour per MT in excess of 100 MT
Parking charges (beyond four hours)	Upto 100 MT	Rs. 50 per Hour per MT
	Above 100 MT	Rs. 5000 + Rs. 60 per Hour per MT in excess of 100 MT

Notes:

1. Parking time will be calculated based on On-Blocks and Off-Blocks time as recorded by YIAPL.
2. No Parking Charges are levied for the first 2 hours. While calculating the free parking time, standard time of 15 minutes is added on account of time taken between touchdown and actual parking time on the parking stand. Another standard time of 15 minutes is added on account of taxing time of aircraft from parking stand to take on point and collectively referred as free parking.
3. The charges set forth herein shall be calculated based on the next rounded off MT.
4. For calculating chargeable parking time, any part of an hour shall be rounded off to the next hour.
5. Weight of an aircraft means MTOW in MT (1000 kg) as indicated in the certificate of airworthiness filed with DGCA.
6. The charges set forth herein shall be calculated based on the nearest rounded off MT.
7. Allocation of night parking bay shall be subject to availability of bays(s) and will be governed by YIAPL's policy.
8. To avail one night parking bay, the airlines must operate minimum 6 departures per day for scheduled passenger aircraft operator and minimum 3 departures per week for scheduled freighter aircraft operator.

iii. User Development Fee for FY 2025-26

(Rate per passenger in Rs.)

Type of Passenger	Domestic	International
Embarking passenger	690	1,380
Disembarking passenger	300	595

Notes:

1. Collection charges: Collection charges shall be applicable as per the policy pertaining to such charges between the Airport Operator and the airline.
2. No collection charges are payable to non-scheduled operators.
3. UDF (Domestic / International) will be determined and levied based on ultimate destination in particular ticket / PNR.
4. Exemptions in Payment of User Development Fee (UDF) - In terms of DGCA AIC No. 14/2019 dated 16.05.2019 and AIC No. 20/2019 dated 06.11.2019 (decision of Ministry of Civil Aviation, Govt. of India vide order no. AV 29012/39/2018-AD dated 30.10.2019) the following categories of persons are exempted from levy and collection of UDF:
 - a) Children (Under the age of 2 years)
 - b) Holders of Diplomatic Passport.
 - c) Airlines crew on duty including sky marshals and airline crew on board for the particular flight only (this would not include Dead Head Crew, or ground personnel),

- d) Persons travelling on official duty on aircraft operated by Indian Armed Forces.
- e) Persons travelling on official duty for United Nations Peace Keeping Missions.
- f) Transit/transfer passengers (this exemption may be granted to all the passengers transiting up to 24 hours. "A passenger is treated in transit only if onward travel journey is within 24 hours from arrival into airport and is part of the same ticket, in case 2 separate tickets are issued it would not be treated as transit passenger").
- g) Passengers departing from the Indian airports due to involuntary re-routing i.e. technical problems or weather conditions.

iv. CUTE/CUSS Charges for FY 2025-26

(Rate per passenger)	
Passenger	Rate
Embarking passenger	USD 1

Notes:

1. CUTE / CUSS charge shall be applicable to the below embarking passengers:
 - a. Passengers on scheduled flights
 - b. Passengers on non-scheduled, charter flights
2. For scheduled passenger flights, the charges shall be billed and collected by the Concessionaire.
3. For Adhoc / Non-Scheduled Passenger Flights, the charges shall be billed and collected by YIAPL.
4. For conversion of US\$ to INR, the RBI conversion rate as on the last day of the previous month for tickets issued in the first fortnight and rate as on 15th of the month for tickets issued in the second fortnight shall be adopted.

v. General Conditions:

1. All the charges referred above are collectively called as 'Aeronautical Charges'.
2. Flights operating under Regional Connectivity Scheme will be completely exempted from aeronautical charges as per Order No. 20/2016-17 dated March 31, 2017 of the Authority.
3. All the above aeronautical charges are excluding Goods and Services Tax (GST). GST at the applicable tax rates is payable in addition to the above charges.
4. For all the above aeronautical charges, the Airlines will be allowed a credit period in accordance with the agreement between YIAPL and Aircraft Operators.
5. While operating at DXN, the airlines must follow the Conditions of Use, as circulated by YIAPL.

Annexure A2: Variable Tariff Plan for Airlines

Under the category listed below, YIAPL proposes a Variable Tariff Plan (VTP), that will be applicable for domestic and international routes as follows:

A. VTP for Scheduled Domestic Passenger Flights (Landing charges)

Year		Year 1	Year 2	Year 3
No. of months		12 months	12 months	6 months
No. of departures per day	0-10	RR	RR	RR
	11-20	80%*RR	90%*RR	RR
	21-34	50%*RR	70%*RR	85%*RR
	35-50	40%*RR	50%*RR	75%*RR
	50 and above	20%*RR	40%*RR	60%*RR

*RR means Rack Rate

Terms and conditions:

1. The VTP is meant for scheduled domestic passenger flights only and is applicable to all the Indian Carriers, eligible under this VTP.
2. The eligible airline will be offered VTP based on the number of departures per day and VTP as per the respective slab will be applicable. E.g. Airline A operates 36 departures in Year 1, it will be eligible to get VTP as per 4th slab tabulated above.
3. During the tenure of VTP, an airline cannot downgrade its slab in the subsequent years or reduce the number of frequencies compared to previous year.
4. VTP will be governed by the monthly evaluation of the performance of the airlines and actual annual performance will also be considered for eligibility.
5. Detailed terms and conditions will be shared with the airlines who wish to avail the proposed VTP.

B. VTP for Scheduled International Passenger Flights

VTP on International Routes							
Year		Year 1		Year 2		Year 3	
Months		12 months		12 months		12 months	
Distance		>4,500 km	<=4,500 km	>4,500 km	<=4,500 km	>4,500 km	<=4,500 km
Landing Charges for international scheduled passenger flights	MTOW<= 100MT	0%*RR	0%*RR	0%*RR	25%*RR	0%*RR	50%*RR
	MTOW> 100MT	0%*RR	0%*RR	0%*RR	0%*RR	0%*RR	0%*RR
UDF (embarking and disembarking) for international scheduled passenger flights	MTOW<= 100MT	0%*RR	0%*RR	0%*RR	25%*RR	0%*RR	50%*RR
	MTOW> 100MT	0%*RR	0%*RR	0%*RR	0%*RR	0%*RR	0%*RR

Qualification Criteria:

Year	Year 1		Year 2		Year 3	
Months	12 months		12 months		12 months	
Distance	>4,500 km	<=4,500 km	>4,500 km	<=4,500 km	>4,500 km	<=4,500 km
Minimum departures per week per route (non-stop)	-	3	-	3	-	3

Terms and Conditions:

1. The VTP is applicable for scheduled passenger international flights by Indian and foreign carriers.
2. The unit of kilometers refer to air kilometers for calculating the qualifying distance as per great circle path.
3. There will be a monthly evaluation of the performance. Actual annual performance will also be considered.
4. An airline needs to meet applicable criteria to be eligible for the VTP.
5. Proposed VTP shall be applicable from the date of start of such frequencies.
6. Airlines once enrolled in the incentive schemes will continue benefiting until the expiration of their respective schemes.
7. An airline should operate a minimum of 24 weeks of continuous scheduled operations on the identified route to avail VTP.

General Terms and Conditions applicable to both A and B above:

1. No discount over and above the variable tariff plan shall be applicable.
2. The payment of charges shall be done in full without any deductions. The discount will be offered after the completion of each year in the form of credit notes for the respective period.
3. YIAPL reserves the right to change any term or condition of this VTP, withdraw or replace any of the category, at any time at its absolute discretion, by way of prior notification through a channel as it deems fit. For availing VTP, the airlines must follow the Conditions of Use, as circulated by YIAPL.

मा.वि.अ.वि.प्रा.

AERA

Annexure-B

Ad-hoc Tariff Rate Card approved by the Authority for Aeronautical Services provided by Yamuna International Airport Private Limited, Jewar at Noida International Airport.

(Tariff Rate Card will be applicable w.e.f the commercial date of operation ("COD") up to 31.03.2026).

Annexure B1: Landing, Parking, UDF, CUTE/CUSS charges

Landing charges for FY 2025-26

(Rate in Rs. per MT)	
Flight	Rate
Domestic	725 per MT
International	1088 per MT

Notes:

1. Weight of an aircraft means Maximum Take-Off Weight (MTOW) in MT (i.e. 1,000 Kg) as indicated in the Certificate of Airworthiness (CoA).
2. Landing charges shall be calculated on the basis of next rounded off MT (i.e., 1000 kg)
3. All Domestic legs of international routes flown by Indian operators to be treated as domestic flights as far as landing charges are concerned, irrespective of the flight numbers assigned to such flights.
4. No landing charges shall be payable in respect of:
 - a. Aircraft with a maximum certified passenger capacity of less than 80 seats, being operated by domestic scheduled operators at the airport.
 - b. Training flights operated by DGCA approved flying schools/flying training institutes.
 - c. Helicopters of all types (not applicable to non-scheduled operators).
 - d. Military aircraft (Government of India) including para-military forces such as BSF, Coast Guard etc.
5. A minimum fee of Rs. 8000/- shall be charged per single landing for non scheduled flights.

i. Parking charges for FY 2025-26

(Rs. per MT per hour)	
Details	Domestic International
Parking charges (First two hours after free parking period)	25
Parking charges (beyond four hours)	50

Notes:

1. Weight of an aircraft means MTOW in MT (1000 kg) as indicated in the certificate of airworthiness filed with DGCA.
2. The charges set forth herein shall be calculated based on the next rounded off MT.
3. Parking time will be calculated based on On-Blocks and Off-Blocks time as recorded by YIAPL.
4. For calculating chargeable parking time, part of an hour shall be rounded off to the next hour.

ii. User Development Fee for FY 2025-26

(Rs. per passenger)		
Type of Passenger	Domestic	International
Embarking passenger	490	980
Disembarking passenger	210	420

The above charges are exclusive of applicable taxes.

Notes:

1. Collection charges on User Development Fee (UDF): As per the agreement between YIAPL and the Airlines.
2. For calculating UDF in Foreign currency, the RBI conversion rate as on the last day of the previous month for tickets issued in the first fortnight and rate as on 15th of the month for tickets issued in the second fortnight shall be adopted.
3. Exemptions in Payment of User Development Fee (UDF) - In terms of DGCA AIC No. 14/2019 dated 16.05.2019 and AIC No. 20/2019 dated 06.11.2019 (decision of Ministry of Civil Aviation, Govt. of India vide order no. AV 29012/39/2018-AD dated 30.10.2019) the following categories of persons are exempted from levy and collection of UDF:
 - a) Children (Under the age of 2 years)
 - b) Holders of Diplomatic Passport.
 - c) Airlines crew on duty including sky marshals and airline crew on board for the particular flight only (this would not include Dead Head Crew, or ground personnel),
 - d) Persons travelling on official duty on aircraft operated by Indian Armed Forces.
 - e) Persons travelling on official duty for United Nations Peace Keeping Missions.
 - f) Transit/transfer passengers (this exemption may be granted to all the passengers transiting up to 24 hours. A passenger is treated in transit only if onward travel journey is within 24 hours from arrival into airport and is part of the same ticket. In case 2 separate tickets are issued it would not be treated as transit passenger).

iii. CUTE / CUSS Charges for FY 2025-26

Passenger	(Rate per passenger)	
	Domestic	International
Per Embarking passenger	Rs. 75	USD 1

Notes:

1. CUTE / CUSS charge shall be applicable to the below embarking passengers:
 - a. Passengers on scheduled flights
 - b. Passengers on non-scheduled, charter flights
2. For scheduled passenger flights, the charges shall be billed and collected by the Concessionaire.
3. For Adhoc / Non-Scheduled Passenger Flights, the charges shall be billed and collected by YIAPL.
4. For calculating CUTE/CUSS Charges in Foreign currency, the RBI conversion rate as on the last day of the previous month for tickets issued in the first fortnight and rate as on 15th of the month for tickets issued in the second fortnight shall be adopted.
